

Are you going to the benefit but just can't wait to bid on this beautiful artwork?

Are you unable to attend but don't want to miss the opportunity to take one of these gorgeous flags home?

Then let the bidding begin!

Sealed bids are being accepted now! Here is how it works:

The 8 flags created by our students are on display in the reception area of school. When you are at school for pick up, drop off, or if you are just passing by, come in and have a look. We have identified which grade has created each flag, but you might prefer a flag created by another year. You can bid on any of them and any number of them as well!

Once you have decided which flag (s) you might like to own, fill in the form below with your best offer for the flag, fold it up and leave it at reception in the large envelope labeled "Hand Print Flags."

The flags will then be displayed at the Winter Benefit indicating the highest bid we received. If someone bids above this amount, they will be the proud owners. If your bid remains the highest, it's yours! So bid thoughtfully and with an aim to win your flag!
